

FAASteAM Safety Seminar Surprise Surprise

This presentation discusses the safety risk elements of owner/operator maintenance, managing distractions, multi-engine emergency procedures and training, and the startle response to emergencies. Factors that contribute to Loss of Control accidents include; pilot proficiency, Aeronautical Decision Making (ADM), inadequate hazard identification and risk assessment, hazardous operational environments, and human factors.

Directions: This meeting will be held upstairs in the Anderson Airport Board room.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
